Hi Madelin

You can definitely use this job as some of your professional practice hours. You'll still need to complete a journal that documents your work and some of the issues you encounter.

I would encourage you to complete the rest of your fieldwork hours at another institution - it's a really good idea to get a broad base of experience.

Let me know if you have any questions.

Cheers
Kate

Hi Helen,

I just wanted to know if I am eligible for any RPL/credit towards my 100 hours of fieldwork. A description of my current job is below -

Library Advisor at QUT Gardens point library.

Task and Responsibilities - I am working 4 hours a week with 2 hours on the L&R desk answering client queries and 2 hours in virtual referencing answering queries on "ask a Librarian" and email queries.

I will be working here for this semester only so about 13 weeks.

Please let me know if you need anything further.

Thanks!
